

Michelle & Jordan's Organic Therapy Oils

Summary:

Our signature line— The finest organic cold-pressed Jojoba in the world, infused with lavish concentrations of therapeutic botanicals.

- 100% Organic, Non-GMO
- Therapeutic Grade, Hypoallergenic
- Specific plant varieties and relevant chemotypes utilized for maximum health benefit
- Bio-electrical frequency several times greater than the frequency of herbs or food
- Molecularly identical to human sebum, allowing it to penetrate the skin at a cellular level and effectively transport therapeutic ingredients into the skin and body
- Does NOT leave an oily surface! (It is not an oil, but a liquid ester.)
- Supplies aging skin with protein, minerals, and substances that mimic collagen
- Helps dry skin by locking in moisture at a cellular level
- Regulates over production of sebum, reducing oily shine around nose, chin, and forehead
- Dissolves excess deposits of sebum in the pores and follicles, minimizing clogged pores
- Restores the skin's pH balance (acid mantle)
- Increases skin softness and elasticity by up to 37% upon application; soothes irritated skin
- Reduces superficial lines and wrinkles by as much as 25% one hour after application, and by as much as 36% eight hours after application
- 100 year shelf life—Will not become rancid!
- Jojoba is the only naturally occurring monoglyceride from a non-animal source in the world!

Michelle & Jordan's Organic Bath Salts

Summary:

Rich in minerals, micro elements, and essential oils supportive of health and healing.

- Organic Salt is certified by more than one certifying agency
- Therapeutic Grade for Thallasotherapy
- Israeli Dead Sea Salts are lab tested for purity and mineral content (not a roulette w/toxins)
- Ten times higher salt and mineral concentrations than ocean water
- 33% higher mineral & salt concentrations than conventional bath salt, yet gentler on the skin because the Sodium content is less than 40%
- Profound muscle relaxant
- Composition of brines is unique—a blend vital for promoting rejuvenation of cells and healthy exchange of minerals and toxins between the body's blood supply and the bath water (Creates bath water similar to the body's own internal fluids, allowing magnesium and potassium to be drawn into the blood stream while toxins are actively eliminated)

Unparalleled.
